**Article 17th. (Added Feb. 27th.)**

To see if the Town will vote to raise and appropriate the amount of money necessary to secure State aid for the permanent improvement of highways, under the law passed at the January session, 1905.

## To the Citizens of Whitefield.

---

We respectfully submit for your consideration the annual report of the town of Whitefield, for the year ending February 15th. 1905.

**Highways.** As will be seen by the report the cost of maintaining our roads the past year has, as usual, been in excess of the appropriation, and we are sorry to say that this condition must remain just as long as the present system is followed. Whitefield is unfortunate in not having an available supply of good road building gravel, and crushed stone is so expensive that it must of necessity be many years before all of our roads can be macadamized unless the state shall come to our assistance.

The matter of good roads is the most difficult problem of solution that now confronts us and should receive your careful attention.

**Sidewalks.** We have continued the system adopted a few years ago of replacing all old plank walks with crushed stone as far as possible. It will be necessary to do considerable work on Union Street the coming year. A bank wall should be put in opposite the Boston & Maine depot and a new walk laid as the present plank one is in very bad condition.

**Sewers.** The expenses of this department still remain very small and but very little money will be required another year.

**Finances.** We are pleased to report that one thousand dollars has been paid upon the debt of the town this year, and that the financial affairs of the town are in good condition.

To the itemized report we invite your attention.

Respectfully submitted.

F. B. LEWIS,  
F. D. PAGE,  
J. N. BURNS, } Selectmen  
of  
Whitefield.
